Present: Bernie Madrid, client, and Silver Tabor, Case Manager
Location: SOS

Presenting Problem:
He continues to experience symptoms of anxiety.
Symptoms of conduct disorder continue to be described.
Psychotic symptoms continue. Crisis situation this date.

Case Management Services were today provided for Bernie, as follows: Crisis intervention due to extreme emotional dysregulation.

Intervention: Case Manager met with Bernie regarding his self report of threats on his life from other shelter residents because he had helped staff in cleaning appliances. Case Manager observed Bernie was not able to maintain eye contact, a coherent train of thought, extreme finger and hand movements and speech has rapid and slurred. Bernie made statements that other residents were talking about him and asked if Case Manager could hear the voices talking about "getting him" to harm and kill. Bernie stated Facebook posts about him encouraged harm to him and people in the shelter were giving him "dirty looks" and not having anything to do with him because he is a "brown nose". Bernie stated he would kill himself before he would be harmed by anyone else. Suicide questionnaire was used to determine risk, and Bernie said he would shoot himself, but did not have a gun or bullet, but could probably find one. Bernie repeated numerous times to Case Manager and later to Dr. Pat Rowan, PhD, that he "did not want to go on" and "wanted to end this". Bernie stated he had no reason to go on and aske Case Manager to tell his mom that he loved her.
Case Manager used de-escalation techniques to try to reassure Bernie that no one was
